**NPW 516**

NEOPRENE  
PAD - WAFFLE  
NPW 516 03/13/07

Waffle pattern on  
both sides

| MODEL              | MAX<br>CAPAC.<br>(LBS) | SIZE<br>(IN)   |
|--------------------|------------------------|----------------|
| NPW 516 1818       | 9,720                  | 18 X 18 X 5/16 |
| NPW 516 1212       | 4,320                  | 12 X 12 X 5/16 |
| NPW 516 0808       | 1,920                  | 8 X 8 X 5/16   |
| NPW 516 0606       | 1,080                  | 6 X 6 X 5/16   |
| NPW 516 0404       | 480                    | 4 X 4 X 5/16   |
| NPW 516 0303       | 270                    | 3 X 3 X 5/16   |
| NPW 516 0202       | 120                    | 2 X 2 X 5/16   |
| Any size available |                        |                |

Notes:

Material: Neoprene - 60 Duro

Maximum Loading: 30 lbs. / sq. in.

Working Range: 15 to 30 lbs. / sq. in.

NPW-516-P Indicates one layer of pad with steel load plate.

NPW-516-2S Indicates two layers of pad with galvanized shim.

NPW-516-2P Indicates two layers of pad with steel load plate & shim.

Features:

- \* "Waffle Pad" design with built-in suction cups
- \* No bolting required
- \* Easy to cut
